TERMS AND CONDITIONS

Temporary meter must be used on a designated fire hydrant with an approved backflow device. The customer is responsible for supplying the backflow device and having it tested at time of installation. Western Operations staff will coordinate with customer to have temporary meter installed, locked on, and backflow device tested. **ALL NEW INSTALLATIONS WILL OCCUR ON TUESDAYS.** A copy of the satisfactory test results will be submitted to Western staff at the time the test is performed. **If meter is found being used without backflow, penalty will be charged for failure to comply refer to Western's Ordinance 370. _____ (Initial)**

Meter will be locked onto hydrant at time of installation. If the meter is removed without permission, meter will be deemed stolen and customer will forfeit deposit _____ (Initial). It is the customer's responsibility to inform Western immediately if the meter is lost or stolen. If the meter is damaged, lost or stolen the \$800.00 Meter Deposit shall be forfeited. A new application and a \$1,050.00 will be required to open another account. _____ (Initial)

Applicant will be billed at the District's regular billing time (approximately the last day of each month) for meter rental and water used during the month, which will be payable by the 20th of the following month. The deposit will be applied to the account at the time of the final billing. Any remaining deposit balance after deducting charges for daily rental, water and other charges due, will be returned to the applicant. The applicant will be charged for any damage to, or loss of, the meter while in his possession. Meter deposit is refundable, if no damage results to system facilities or service installation. Service is subject to all rules and regulations of this District. In particular, service is dependent on sufficient system capacity being available (the number of meters, and their location, is strictly limited from May through October.) The dates requested for installation and removal as shown above shall be used for billing purposes unless the District is unable to install this service on or before the date requested and unless the applicant requests removal prior to the date original requested.

To request removal of meter from Hydrant please contact Western's Billing Department at 951-789-5088
Water must be taken at a nearly constant rate into an overhead tank, unless otherwise approved. A backflow device is required. Please turn water on and off slowly. Failure to operate this service in this manner may be cause for denial of temporary water service. The application and deposit apply to the location and type of service shown hereon.

The service shall be used only by the applicant and District reserves the right to remove the service if it is not being used or used incorrectly.

I have read this above and agree to comply with the rules and regulations.
