

May 12 . 10 a.m. – 12 p.m.

IRRIGATION

Does your sprinkler system water the sidewalk more than your lawn?

Does your irrigation system intimidate you?

Join us for **Anita Matlock's** workshop and learn insider tips on installation and management of your home watering system. Learn why and how to convert sprinklers to drip or bubblers, how to troubleshoot, and stop runoff from running up your water bill. Pick up your free copy of the *SoCal Yard Transformation* handbook or bring your copy and have Anita sign her irrigation chapter.

This FREE workshop is part of a partnership between the University of California Cooperative Extension Master Gardener Program and Western Municipal Water District.
